

HOME LOANS TO FIT YOUR LIFESTYLE

Making Home Happen

Brad Seabaugh

Branch Manager / Senior Loan Officer

I have been a loan officer since 1993, with Sheena Brown by my side for the last 10 years. Closing mortgages has become our passion and we have learned a few things along the way. This is what we believe in:

- Getting a home loan should not be stressful; it should be exciting
- Every pre-approval should be accurate
- Communication is the key to bringing any transaction to a smooth and timely closing
- Diligence on the front end pays off on the back end
- It takes a team to close loans on time
- **Every loan should close on time**

I have helped thousands of individuals and families either purchase a home or refinance an existing loan. I love what I do and I believe it shows.
